

Bio Healthcare Session

Ir. Johan G. Hanstede

President BioFarmind and the Dutch Vaccines Group (DVG)

Johan G. Hanstede is a cell biologist by profession. He worked as a scientist at the University of Groningen for almost 7 years.

In 1985 he started his pharmaceutical career at Bristol.Myers (sales) and a few years later at Christeans (Marketing Sales manager), a Belgium privately owned pharmaceutical company.

In 1990 Mr. Hanstede joined Amgen as Business Development Manager for almost 12 years.

Currently he works as an independent advisor for the biopharmaceutical industry in the Netherlands.

Mr. Hanstede is one of the founders of the biopharmaceutical association BioFarmind (www.biofarmind.nl) and the Dutch Vaccines Group (www.dutchvaccinesgroup.nl) in the Netherlands.
